### The Legend

While the Serpent looms  
over the Southern lands,  
and the dark riders roam  
the country side,  
a hero will come from  
the True blood band.

As the forest writhes  
from the dark ones hand,  
and the religious taste  
the Bitterness of defeat,  
there shall come one with  
the key to the sands.

While the Elven brothers  
plot and plan,  
and maidens disappear like  
innocent lamb,  
the hero will awake from  
where Tindome Minas  
stands.
